The new **RAGNO** generation

A red and white telescopic boom lift is shown in operation, reaching high into a large, dense tree. The lift's boom is extended diagonally across the frame. A worker in a yellow safety vest is visible in the basket at the end of the boom. The base of the lift is a red tracked vehicle with four legs, positioned on a grassy area. The background features a stone wall and more trees under a blue sky with light clouds.

RAGNO TSJ 19

- > 19m work. h. with 2 men
- > variable set-up
- > minimal point loads
